HOW WE WORK

AGILE METHODOLOGY

The world moves fast, and so do we. That is why we work with Scrum, an agile methodology, which allows us to have several releases - sprints - , obtaining results earlier in the process and having the ability to incorporate changes as they occur. By the end of the cycle we would have deliver a high quality product with less cost.

OUR SERVICES

WE OFFER OUR SERVICES:

PER HOUR

We provide professionals on different areas to work on specific projects for your company. From developers to business analysts. Our contract is hourly billed on monthly basis.

PER PROJECT

We gather all the requirements for your project. After our first assessment we estimate the effort, duration and cost. The service is billed based on deliverables and milestones agreed with the client.
